Jean Tirole's book Economics for the Common Good is out now and is highly recommended. As I had the privilege of helping prepare the English edition, I've read it with careful attention, and most appreciated Tirole's ability to crystallise complicated issues in a straightforward way, combining surgical analysis with very clear explanation.

[Tirole, J. and Rendall, S.: Economics for the Common Good ...](#)

"Economics for the Common Good is an ambitious book. As the title suggests, it is a response to the crisis of the economics profession, whose credibility was badly damaged by the financial turmoil of 2008.

[Economics for the Common Good - amazon.com](#)

Economics for the Common Good tackles many aspects of how to think about the role of economics today. The author is a Nobel prize winner with a focus on the theory of the firm as well as general game theoretic aspects of mechanism design. This book discusses the role of economics in modern society and what it should be used for rather than how it can be politicized. The author is a very

[Economics for the Common Good by Jean Tirole](#)

Economics for the Common Good has 232 ratings and 35 reviews. Philippe said: I have great discussion with my son (student in political sciences in London)

[ECG Economy for the Common Good](#)

The Economy for the Common Good advocates a more ethical economic model, in which the wellbeing of people and the environment become the ultimate goal of business.

[Economics for the Common Good by Jean Tirole](#)

Economics for the common good is an ambition: to suggest policies that help our institutions align social and private interests. The invisible and visible hands the market and the state are complementary; to function well, a market economy needs an efficient state to correct its failures
