Environmental History of Britain since the Industrial

The present and future state of the environment gives rise to ever increasing concern, but much less is known as yet about the past: the damage that has been done since, and by, the Industrial Revolution; how far our predecessors were aware of it; the steps they took; and the gradual development of a wider concern for the state of the world and our impact on it. This timely and pioneering

Environmental History Articles Making History

His Environmental History of Twentieth-Century Britain is the best introduction to the development of nature and resource conservation policies in the UK, and can usefully be read alongside B. W. Clapp's Environmental History of Britain Since the Industrial Revolution, which focuses more on the relations between economic development and the environment.
